Methods and Tools Platform Special Interest Group Charter

March 24, 2017

Chair: Sumeet Malhotra (TCS)

1. Provides a forum for end users of methods based on OMG standards, such as Essence, to discuss real world practical issues during implementation of those methods so that feedback can be provided to the appropriate OMG Task Forces responsible for related standards.

2. Provides a forum for any OMG member to suggest independent additions to the open-source test suites that evaluate software against features required for OMG standards-based methods.
